

MURRAY RIVER COUNCIL  
COUNCIL POLICY

# REVENUE POLICY

POL-214 V#1

murray river  
council

## 1. INTRODUCTION

The Revenue Policy (**Policy**) sets out Murray River Council's revenue collection activities for the 2023/24 financial year. This revenue funds Council's ongoing service activities as well as some elements in the capital works program.

All NSW Councils are required to deliver their operations based on the Integrated Planning and Reporting (**IP&R**) framework. The framework allows Councils to draw together their various plans, strategies, and reports, understand how they interact and get the maximum influence from their efforts by planning and taking a big-picture-view of the future.

The apex document in the IP&R is the Community Strategic Plan (CSP) which identified the key strategic objectives of Council for a given period (usually 5 years). The CSP is compiled with community consultation and input. The CSP must be based on the social justice principles of equity, access, participation, and rights.

Each year, Council will report to the community on the implementation of the Delivery Program and the Operational Plan and Budget. The Annual Report includes Council's Audited Report and other formal reporting as required by the Local Government Act 1993 (**Act**).

s223 of the **Act** identifies the "Role of the Governing Body (a council)". s223(f) specified the adoption of "rating & revenue policy" as one of the roles of the governing body. This **Policy** has been adopted by Council to fill the requirement of s223(f).

## 2. OBJECTIVES

The **Policy** sets out Murray River Council's (Council) revenue collection activities for the **Financial Year**, which fund **Council's** ongoing service activities as well as part of its capital works program.

This **Policy** has been prepared based on the following principles:

1. **Equity:** All community residents have access to basic services irrespective of their individual capacity to pay, while ensuring that the financial burden is spread across all ratepayer categories as fairly as possible.
2. **Efficiency:** Ensuring that resources available to Council are utilised in the most efficient way to deliver Council's services.
3. **Effectiveness:** Delivering service outcomes based on identified service levels.
4. **Cost Recovery:** Attempt at recovering the full cost of a service provided through the Charge or Fee applicable to the provision of that service. Typically, this principle is applied to Charges and identified Fees. Cost recovery, in some instances, where permitted, may include a normal profit margin. This principle is sometimes referred to as the "User Pays" principle.
5. **Harmonisation:** Progress towards a harmonised system of Charges across the different geographies with the Council area. This is an ongoing process which commenced after the last round of council amalgamations and will continue until all Charges are harmonised. All Rates & Fees are currently harmonised as is some of the Charges.

The **Policy** addresses:

**Rates:** both ordinary and special, usually based on the category and/or unimproved value of land,

**Charges:** for Stormwater, Water, Sewer & Waste Services, and

**Fees:** for a range of specific services provided by Council.

The **Policy** also addresses several administrative matters related to the levying and collection of **Rates** and **Charges**.

Revenue collected from **Rates**, **Charges** and **Fees** generally comprises the largest component of **Council's** revenue. For the **Financial Year**, revenue from such sources will account for approximately half of **Council's** total budgeted revenue.

### 3. SCOPE

This Policy applies to **Rates, Charges, and Fees** made and levied by Council. It applies to all ratepayers and customers of Murray River Council (Council) who are subject to such **Rates, Charges & Fees**.

### 4. LEGISLATION

- ▶ Local Government Act No. 30 of 1993 (Act)
- ▶ Local Government (General) Regulation of 2021

Rates and Charges are made, levied and proceeds collected in keeping with Chapter 5 of the **Act**, more specifically Parts 2 through 7 (both inclusive) and Part 5 of the **Regulations**.

Fees are set in keeping with Chapter 5, Part 10 of the **Act**.

Concessions related to **Rates & Charges** are made in keeping with Chapter 5 Part 8 of the **Act** and Part 5 Division 4 of the **Regulations**.

### 5. POLICY STATEMENT

#### 5.1. Principles

The Revenue Policy (Policy) sets out **Council's** revenue collection activities for the financial year 2023-24 (Financial Year), which fund **Council's** ongoing service activities as well as part of its capital works program.

This **Policy** has been prepared based on the following principles:

1. Equity: All community residents have access to basic services irrespective of their individual capacity to pay, while ensuring that the financial burden is spread across all ratepayer categories as fairly as possible.
2. Efficiency: Ensuring that resources available to **Council** are utilised in the most efficient way to deliver **Council's** services.
3. Effectiveness: Delivering service outcomes based on identified service levels.
4. Cost Recovery: Attempt at recovering the full cost of a service provided through the **Charge** or **Fee** applicable to the provision of that service. Typically, this principle is applied to **Charges** and identified **Fees**. Cost recovery, in some instances, where permitted, may include a normal profit margin. This principle is sometimes referred to as the "User Pays" principle.
5. Harmonisation: Progress towards a harmonised system of **Charges** across the different geographies with the Council area. This is an ongoing process which commenced after the last round of council amalgamations and will continue until all **Charges** are harmonised. All **Rates & Fees** are currently harmonised as is some of the **Charges**.

#### The Policy addresses:

- Rates: both ordinary and special, usually based on the category and/or unimproved value of land,
- Charges: for Water, Sewer, Stormwater & Waste Utility Services, and
- Fees: for a range of specific services provided by Council.

The **Policy** also addresses several administrative matters related to the levying and collection of **Rates** and **Charges**.

#### 5.2. Rates

**Rates** are levied on all rateable properties and contribute to funding services identified within the General Fund.

The amount of revenue that can be raised by **Council** through **Rates** is determined by the Independent Pricing and Regulatory Tribunal (IPART), through its rate pegging mechanism. For the **Financial Year**, **IPART** set the maximum allowable increase in **Rates** at 3.7% with an additional allowance of 0.4% for **MRC**, based on its population growth rate, resulting in a total maximum allowable increase of 4.1%.

For the **Financial Year**, **Council** proposes to raise **Rates** through Ordinary Rates as defined in s492 of the **Act**. **Council** does not intend to levy any Special Rates (as defined in s492 of the Act).

## Ordinary Rates

In making **Rates**, **Council** adopts a categorisation of rateable properties in keeping with s493(1) of the **Act**. **Council** uses three of the four categories identified in that section (Farmland, Residential, and Business), with sub-categories for Residential & Business categories, in keeping with s493(2) of the **Act**.

As per s497(b) of the **Act**, **Council** will adopt a two-tiered structure consisting of a Base Amount plus an Ad Valorem Rate, applied on the unimproved value<sup>1</sup> of the land (as per s498(1) of the **Act**), to determine the **Rates** to be levied on a given rateable property.

The Base Amount and the Ad Valorem Rate applicable for the **Financial Year** for each category & sub-category appears in Table 1: Ordinary Rates below.

Table 1: Ordinary Rates

| Category & Sub-category | Base Amount<br>(per rateable property) | Ad Valorem Rate<br>(per dollar of unimproved value <sup>1</sup> ) |
|-------------------------|--|---|
| Farmland                | \$ 300.00                              | 0.002247769   |
| Residential - Urban     | \$ 300.00                              | 0.002905256   |
| Residential - Non-urban | \$ 300.00                              | 0.002905256   |
| Business - Urban        | \$ 300.00                              | 0.003000000   |
| Business - Non-urban    | \$ 300.00                              | 0.003189278   |

The number of properties within each sub-category and the estimated rates yield for such sub-categories appear in Table 2: Ordinary Rates Yield.

Table 2: Ordinary Rates Yield

| Category & Sub-Category | No. of Properties | Unimproved Value <sup>1</sup> | Base Amount  | Ad Valorem Amount | Total Rates Yield |
|-------------------------|-------------------|-------------------------------|--------------|-------------------|-------------------|
| Farmland                | 1,760             | \$ 2,311,843,377              | \$ 528,000   | \$ 5,196,490      | \$ 5,724,490      |
| Residential - Urban     | 3,564             | \$ 577,491,752                | \$ 1,069,200 | \$ 1,677,761      | \$ 2,746,961      |
| Residential - Non-urban | 2,152             | \$ 778,066,660                | \$ 645,600   | \$ 2,260,483      | \$ 2,906,083      |
| Business - Urban        | 378               | \$ 104,396,908                | \$ 113,400   | \$ 313,191        | \$ 426,591        |
| Business - Non-urban    | 708               | \$ 140,890,860                | \$ 212,400   | \$ 449,340        | \$ 661,740        |
| TOTAL                   | 8,562             | \$ 3,912,689,557              | \$ 2,568,600 | \$ 9,897,265      | \$ 12,465,865     |

## 5.3. Charges

In addition to the **Rates**, **Council** also makes several **Charges** on rateable properties for several specific services that it delivers generally throughout the region. These **Charges** are intended to cover the costs of delivering the identified services.

<sup>1</sup> The unimproved value of properties is determined by the Valuer General ([https://www.valuergeneral.nsw.gov.au/land\\_values](https://www.valuergeneral.nsw.gov.au/land_values))

## Stormwater Charges

In keeping with s496A of the **Act** and s125A of the **Regulations**, Council will make and levy an annual charge for the provision of stormwater management services (**Stormwater Charges**). The charge will be made on all eligible properties that are eligible to be so charged in keeping with s125A of the **Regulations**.

The properties eligible to be levied the **Stormwater Charges** are identified in the Stormwater Service Area map available at the Council's website.

Income generated through the **Stormwater Charges** will be utilised on maintaining and renewing Council's stormwater drainage network.

The charge levied on each eligible property will be the amount specified in s125AA of the **Regulation**, as detailed below in Table 3: **Stormwater Charges**. The section references in column 1 are to the relevant section in the **Regulation**.

Table 3: Stormwater Charges

| Property Type                           | Stormwater Charges   |
|---|--|
| Residential - Non-Strata (s125AA(1)(a)) | \$ 25.00 per rateable property   |
| Residential - Strata (s125AA(1)(a))     | \$ 12.50 per lot within the strata   |
| Business - Non-Strata (s125AA(1)(c))    | \$ 25.00 plus \$ 25.00 per 350 sq. m. or part thereof  |
| Business - Strata (s125AA(1)(d))        | Greater of \$5.00 per lot or proportionate strata allocation of Stormwater Charge calculated for the entire property |

## Filtered Water Charges

In keeping with s501 of the **Act**, Council will make and levy charges for the supply of Filtered Water services (Filtered Water Charges), which will be used towards the purchase of and payment for water allocations, and for the operation, maintenance, renewal, and expansion of Council's raw water extraction & filtered water treatment facilities and its filtered water storage, pumping & distribution network.

The structure of the **Filtered Water Charges** will consist of:

- Annual Filtered Water Access Charge: levied on each property serviced or serviceable through the potable water supply network, based on the size (diameter) of the potable water connection to that property.
- Filtered Water Consumption Charge: levied based on the quantity of water drawn through the water meter(s) installed on the potable water connection(s) supplying the property, as per s502 of the **Act**.

The Annual Filtered Water Access Charge for properties within the defined service areas, will be made in keeping with amounts identified in Table 4: Annual Filtered Water Access Charge. The identified charge will be made on each and every eligible assessment.

Table 4: Annual Filtered Water Access Charge

| Connection Size/Type | Annual Charge | Connection Size/Type | Annual Charge |
|----------------------|---------------|----------------------|---------------|
| Vacant/Unconnected   | \$ 400.00     | 50 mm                | \$ 2,550.00   |
| Fire Connections     | \$ 400.00     | 63 mm                | \$ 4,050.00   |
| 20 mm                | \$ 400.00     | 75 mm                | \$ 5,750.00   |
| 25 mm                | \$ 625.00     | 80 mm                | \$ 6,540.00   |
| 32 mm                | \$ 1,020.00   | 100 mm               | \$ 10,210.00  |
| 40 mm                | \$ 1,650.00   | 150 mm               | \$ 23,000.00  |

The Filtered Water Consumption Charge, for both Residential and Business properties with a metered filtered water connection, will be made in Two Tiers. The allocation for Tier 1 together with the charge rate

per kilolitre of potable water consumed for each tier will be as specified in Table 5: Filtered Water Consumption Charge

Table 5: Filtered Water Consumption Charge

| Category                        | Charge (per Kilolitre) | Category                                     | Charge (per Kilolitre) |
|---------------------------------|------------------------|--|------------------------|
| Properties with Dual Supply     |                        | Properties with only a Filtered Water Supply |                        |
| Tier 1 - up to 250 Kl per annum | \$ 1.25                | Tier 1 - up to 400 Kl per annum              | \$ 1.25                |
| Tier 2 - above 250 Kl per annum | \$ 2.20                | Tier 2 - above 400 Kl per annum              | \$ 2.20                |

### **Raw Water Charges**

In keeping with s501 of the **Act**, Council will make and levy a charge for the supply of Raw Water services (Raw Water Charges), which will be used towards the purchase of and payment for water allocations, and the operation, maintenance, renewal, and expansion of Council's raw water storage, pumping & distribution network.

The structure of the **Raw Water Charges** will consist of:

- **Annual Raw Water Access Charge:** Levied on each property serviced or serviceable through the raw water supply network, based on the size (diameter) of the raw water connection to that property.
- **Raw Water Consumption Charge:** Levied based on the quantity of water drawn through the water meter(s) installed on the raw water connection(s) supplying the property, as per s502 of the **Act**.

The Annual Raw Water Access Charge for properties within the defined service areas, will be made in keeping with amounts identified in Table 6: Annual Residential Raw Water Access Charge. The identified charge will be levied on each and every eligible assessment.

Table 6: Annual Residential Raw Water Access Charge

| Connection Size/Type | Annual Charge | Connection Size/Type | Annual Charge |
|----------------------|---------------|----------------------|---------------|
| 20 mm                | \$ 145.00     | 50 mm                | \$ 900.00     |
| 25 mm                | \$ 225.00     | 75 mm                | \$ 2,000.00   |
| 32 mm                | \$ 370.00     | 80 mm                | \$ 2,300.00   |
| 40 mm                | \$ 575.00     | 100 mm               | \$ 3,600.00   |

The Raw Water Consumption Charge, for both Residential and Business properties with a metered raw water connection, will be based on the water restrictions as identified in Table 7: Raw Water Consumption Charge, applicable at the time each Water Notice is issued, for the water consumption included in that Water Notice.

Table 7: Raw Water Consumption Charge

| Water Restriction Level                                  | Charge (\$ per Kilolitre) |
|--|---------------------------|
| Periods when Permanent Water Conservation Measures Apply | \$ 1.00                   |
| Periods when Level 1 or Level 2 Water Restrictions Apply | \$ 1.30                   |
| Periods when Level 3 or Level 4 Water Restrictions Apply | \$ 1.70                   |

### **Sewer Charges**

In keeping with s501 of the Act, Council will make and levy a charge for the supply of sewerage services (Sewerage Charges), which will be used towards the operation, maintenance, renewal, and expansion of

Council's sewerage collection, pumping & storage network, treatment facilities and effluent storage and discharge facilities.

The Sewer Charges for residential properties will consist of an annual access charge levied on properties serviced or serviceable through the sewer network.

Business properties will have the following Sewer Charges structure:

- Annual Sewer Access Charge: levied based on the size of the Filtered Water connection to the property.
- Sewer Consumption Charge: levied based on the Filtered Water Consumption at the property adjusted by the Sewer Discharge Factor.

Table 8: Annual Sewer Access Charge details the Annual Sewer Access Charge for each property category.

Table 8: Annual Sewer Access Charge

| Property Category  | Annual Charge |
|--------------------|---------------|
| Unconnected/Vacant | \$ 510.00     |
| Residential        | \$ 590.00     |
| Business - 20 mm.  | \$ 520.00     |
| Business - 25 mm.  | \$ 660.00     |
| Business - 32 mm.  | \$ 1,090.00   |
| Business - 40 mm.  | \$ 1,700.00   |
| Business - 50 mm   | \$ 2,650.00   |
| Business - 75 mm.  | \$ 5,970.00   |
| Business - 80 mm.  | \$ 6,800.00   |
| Business - 100 mm. | \$ 10,600.00  |

Properties that fall into specifically identified categories will have their own Annual Sewer Access Charge. Such Charges are detailed in Table 9: Annual Sewer Charge - Specified Property Types.

Table 9: Annual Sewer Charge - Specified Property Types

| Property Type                                 | Annual Charge |
|---|---------------|
| Council Owned Retirement Villages             | \$ 300.00     |
| Caravan Parks with no Water Supply Connection | \$ 6,400.00   |
| Occupied House Boats                          | \$ 150.00     |
| Septic Tank Pump-out                          | \$ 120.00     |
| Occupied Passenger Vessels - 0-20 Persons     | \$ 150.00     |
| Occupied Passenger Vessels - 21-50 Persons    | \$ 190.00     |
| Occupied Passenger Vessels - 51-75 Persons    | \$ 250.00     |
| Occupied Passenger Vessels - 76-100 Persons   | \$ 300.00     |
| Occupied Passenger Vessels - over 100 Persons | \$ 360.00     |

In addition to the Sewer Access Charge, Business properties will also be levied a Sewer Discharge Charge, which will be based on the filtered water consumption at the property, adjusted by the **Sewer Discharge Factor**.

The Sewer Consumption Charge will be calculated as:

$$\text{Filtered Water Consumption} \times \text{Sewer Discharge Factor} \times \text{Sewer Discharge Rate}$$

The Sewer Discharge Rate will be as per Table 10: Sewer Discharge Rate.

Table 10: Sewer Discharge Rate

| Property Category | Charge Rate (per Kilotitre) |
|-------------------|-----------------------------|
| Business          | \$ 0.80                     |

## Trade Waste Charges

In keeping with s501 of the Act, Council will make and levy an additional charge for the supply of sewerage services to business properties that discharge Liquid Trade Waste in the sewer network (Trade Waste Charges), which will be used towards the operation, maintenance, renewal, and expansion of Council's sewerage collection network and treatment facilities.

The Trade Waste Charge will have the following Structure:

- Annual Trade Waste Charge: levied based on the Trade Waste Category as specified in the trade waste discharge approval.
- Trade Waste Discharge Charge: levied based on the Filtered Water Consumption at the property adjusted by the Trade Waste Discharge Factor.

The Annual Trade Waste Charge is detailed in Table 11: Annual Trade Waste Charge.

Table 11: Annual Trade Waste Charge

| Trade Waste Category | Annual Charge |
|----------------------|---------------|
| Category 1           | \$ 125.00     |
| Category 2           | \$ 250.00     |
| Category 3           | \$ 850.00     |

The Trade Waste Discharge Charge will be calculated as:

$$\text{Filtered Water Consumption} \times \text{Trade Waste Discharge Factor} \times \text{Trade Waste Discharge Rate}$$

The Trade Waste Discharge Charge is detailed in Table 12: Trade Waste Discharge Rate.

Table 12: Trade Waste Discharge Rate

| Trade Waste Category                        | Charge (\$ per Kilolitre) |
|---|---------------------------|
| Category 1                                  | \$ 2.40                   |
| Category 2 - with approved pre-treatment    | \$ 2.40                   |
| Category 2 - without approved pre-treatment | \$ 22.50                  |
| Category 3 - with approved pre-treatment    | \$ 5.00                   |
| Category 3 - without approved pre-treatment | not applicable            |

## Waste Charges

In keeping with s496 of the Act, Council will make and levy an annual charge for the supply of waste services (Waste Charges), which will be used for the recovery of costs related to the kerbside collection of waste, green waste, and recyclable materials (Waste collections are typically carried out once a week, while Recyclables and Green Waste collections are collected fortnightly, on alternate weeks) and for the operation, maintenance, renewal, and expansion of Council's waste management facilities including landfills, transfer stations, and recyclable materials processing facilities.

The Waste Charges are detailed in Table 13: Annual Waste Charges.

Table 13: Annual Waste Charges

| Service Type                      | Amount    | Applicable to  |
|-----------------------------------|-----------|--|
| General Waste 140 Litre (per bin) | \$ 220.00 | Properties serviced with one or more of the identified services. |
| General Waste 240 Litre (per bin) | \$ 330.00 |  |
| Recyclables 240 Litre (per bin)   | \$ 110.00 |  |
| Green Waste 240 Litre (per bin)   | \$ 110.00 |  |

In keeping with s496 of the Act, Council will also make and levy a Legacy Landfill Charge, to be applied solely towards meeting the rehabilitation costs (both operational and capital) of non-operational landfills and for monitoring and remediating environmental impacts resulting from such non-operational landfills.

~~The Waste Management Levy for the **Financial Year**, to be levied on each and every assessment within the **Council** area, will be as identified in Table 14: Legacy Landfill Charge.~~

Table 14: Legacy Landfill Charge

| Charge                 | Amount   |
|------------------------|----------|
| Legacy Landfill Charge | \$ 50.00 |

Rescinded by Resolution No. 130823  
Dated 22 August 2023

Waste materials self-hauled to a transfer station or a landfill site will incur **Fees**, depending on the type and quantity of the waste, levied at the gate to the transfer station or landfill. The Waste **Fees** for self-hauled waste is specified in the Schedule of Fees which appears as Attachment 1 to this **Policy**.

## 5.4. Fees

**Council** provides a range of services which are charged on a user pays, fee for service basis. Some of these services are statutory requirements and in most such instances the fees for such services are specified in the relevant act or regulation. Other services are provided on a commercial basis and may have a mark-up included in the specified fee.

While some such services are exempt from **GST**, Council is required to apply **GST** on the others. Where the GST is applicable on a given service, the fee for such service will include **GST**.

In keeping with Chapter 15, Part 10 of the Act, Council has adopted its Schedule of Fees for 2023-24, which appears as Attachment 1 to this **Policy**.

## 5.5. Levying of Rates & Charges

Rates & Charges will be levied in keeping with Chapter 15, Parts 5 and 7 of the **Act**. The Rates Notice and The Water Notice will be issued in the following manner and frequencies:

- Rates Notice: comprising of Ordinary Rates, Stormwater Management Services Charges, Filtered Water Access Charge, Raw Water Access Charge, Sewer Access Charge, Trade Waste Charges, the Waste Management Levy and Waste Charges, in a single annual Rate Notice for the **Financial Year** be issued at the beginning of the **Financial Year**, with the option for ratepayers to pay the Rate Notice in whole or in four equal quarterly instalments, with each instalment being one fourth of the total Rate Notice.
- Water Notice: comprising of Filtered Water Consumption Charge, Raw Water Consumption Charge, Sewer Discharge Charge, and Trade Waste Discharge Charge in three Water Notices for the **Financial Year**.

Ratepayers receiving a Rates Notice will have the option of paying the full annual amount in one payment or making the payment in four quarterly instalments. The Due Date for the full payment as well as the Due Dates for each quarterly instalment will be specified in the Rates Notice.

Water Notices usually fall due for payment no less than 30 dates from the date of the Notice. The Due Date for payment of the Water Notice will be specified in the Water Notice.

## 5.6. Concessions

Pensioners, as defined by s134 of the **Regulation**, will be afforded the Pensioner Discount in accordance with Chapter 15, Part 8, Division 1 of the **Act**.

Ratepayers facing defined financial hardship will be entitled to seek relief in keeping with **Council's** Rates & Charges Hardship Policy.

## 5.7. Interest on Overdue Payments

The maximum interest rate payable on overdue rates and charges, as determined by s563(3) of the **Act** and gazetted by the NSW Government through Gazette number 146 dated 31 March 2023, of 9% per annum, will be applied to all Rates and Charges that remain unpaid past their Due Date.

## 6. ROLES AND RESPONSIBILITIES

| Position                                     | Responsibility  |
|--|---|
| Mayor & Councillors                          | Adopt a revenue policy as part of the budget process.   |
| General Manager<br>(Chief Executive Officer) | To lead staff (either directly or through delegated authority) in their understanding of, and compliance with, this <b>Policy</b> and related procedures. |
| Directors, Managers and Supervisors          | To communicate, implement and comply with this <b>Policy</b> and related procedures.  |
| All Council Employees                        | To be aware of and ensure compliance with this <b>Policy</b> .  |
| Council Committees                           | To be aware of the contents of this <b>Policy</b> as it relates to the activities of the committee.   |

## 7. EVALUATION AND REVIEW

This **Policy** is applicable for the **Financial Year** only. A revised revenue policy is to be adopted for the next financial year as part of the annual budget process.

## 8. NON-COMPLIANCE

Non-payment of **Rates** or **Charges** will result in Council initiating proceeding in keeping with Part 2 Divisions 4 and 5 of the **Act**, to recover unpaid **Rates & Charges**.
